

LONDON FIRE BRIGADE POPLAR FIRE STATION COMMERCIAL KITCHEN RENEWAL

Client London Fire Brigade

Consultant Aecom

Contract Commercial Kitchen renewal and Associated Structural Works

Contract Value £208,000.00

Contract Duration 14 weeks

Works Description

We were employed by LFB to reconfigure and fit out a new commercial kitchen/dining area in an operational station. Part of the works included heavy side structural alterations to provide an open plan kitchen/dining area.

A temporary kitchen complete with all services and appliances was installed to the appliance yard whilst works were carried out.

The above works included the following: -

- Installation of temporary kitchen and services
- Complete strip out and structural alterations
- New automated roof lights
- New vinyl floor finishes and tile wall finishes
- Window replacement to dining area
- Complete renewal of all appliances, furniture, storage units and the like
- Renewal of localised services including gas supplies, radiator renewals, hot and cold water, fire alarm, appliance controls and associated electrical installation
